Analyze & Rectify

- What went wrong for my job hunting in Nov and Dec 2024
- Used too much AI to write cover letters
- Rewrite each cover letter from scratch for each job (with 1 main selling point addressing that particular job)
- Immediate got 2 interviews that week

Interview & after

- First impression matters
- Me asking the right questions
- After interview
 - Thank you email
 - 4 steps that I would do if I am the chosen candidate

What I did to get a promotion

Strategy

Establish my
positioning

Make myself
irreplaceable

1. Identified gap in the business - drafted marketing strategy and presented to the executive team
2. “Web developer silence renewal” crisis
3. Bring in new initiatives - 3D virtual tour, wireframes, social media “Reel” strategy
4. Share personal goal with boss - person in charge for marketing in this hotel
5. Now managing budget, marketing strategy, social media, content creation
